# How to Create a Live Open House in Remine

1. Inside the My Listings section of Daily, click the  icon

## 2. In the popup modal that displays, turn on the toggle for Remine Live

The screenshot shows a 'Create Live Open House' modal window. At the top, it says 'All fields are required'. Below that is the 'Remine Live' section, which includes a toggle switch that is currently turned on (indicated by a blue circle and a checkmark). The text next to the toggle says 'Stream the open house with Remine'. Below the toggle are fields for 'Date', 'Start Time', and 'End Time'. There is also a 'Client Host (Optional)' dropdown menu. At the bottom of the modal, there is a blue 'Create' button. The background of the page is dimmed, showing a sidebar with 'My Listings' and a 'Market Pulse' section.

3. Enter a Date, Start Time, and End Time. Please note that Remine Live sessions have a maximum time of 30 minutes.

5. You will receive a Success message in the top, right-hand corner of the application confirming the scheduled Remine Live Open House

6. The scheduled Remine Live Open House will display in the Property Details Page where the Listing Agent or Co-Listing Agent can edit at any time before the stream and other users can launch to view the stream

The screenshot displays a user interface for listing details. On the left, there is a vertical sidebar with four buttons: 'Edit Live Open House' (highlighted in blue), 'Add to Cart', 'Share', and 'Print'. The main content area is titled 'Listing Details' and features an 'Open House' section. This section includes a house icon, the text 'Live Open House', the date and time 'Apr 24, 10:00 am - 10:30 am', and a link labeled 'Open House Link' with an external link icon.
